

## Technical Specifications

### Characteristics

Dimensions	136.39 x 83.82 x 40.64 mm
Rating	IP67, UL94-V0A rated enclosure

### Hardware

CPU	ARM Cortex A7 processor, MDM9206 Qualcomm based ultra-low-power module
Memory	Inbuilt Memory to store data in case of no connectivity
Additional Sensors	3-Axis Accelerometer

### Interface

Global Positioning	GPS, BeiDou, GLONASS, Galileo
Other interfaces	Temper proof

### Connectivity

Connectivity	LTE Cat M1/NB2, Supports Global LTE bands
--------------	---

### Temperature

Temperature	Wide range Temperature sensor (-20° to +65° C), Temperature threshold alerts
-------------	--

### Battery

Battery	10,000 mAh (5 years)
---------	----------------------

325 Sharon Park Dr #115 | Menlo Park | CA 94025
